Our Services

Welcome to One Silent Mind, a sanctuary for those ready to step beyond the noise of the ego-mind and awaken to the Peace of God that is your inheritance.

Just as the ancient Christian saints and mystics did, our purpose is to move beyond the intellectual study of God into an experience of Inner Peace through a renewed heart and mind in Christ.

Dylan teaches that the root of all suffering is a misplaced devotion to “the voice of the great deceiver”, in mind, rather than the Voice of the Holy Spirit. Through prayer and the Holy Spirit’s discernment, one learns to withdraw their value in the voice of the adversary (“surrender of self”) to place devotion correctly in God, out of which fruits interior stillness and spiritual abundance.

About Dylan

Dylan offers his support not as a source of peace itself, but as a gentle guide pointing you back to the tools to experience a heart full of God’s Love.

His work centers on helping you see the mental conditions that you have set up against peace, allowing the Holy Spirit to change your heart, renew the mind, and reveal all that you already are in Christ.

Through relationship with God, prayer and communion with the Holy Spirit, Dylan experienced the lack of value in the voice of the adversary, in mind, along with its self of sin, where he experienced the stillness of the true Self in Christ.

Dylan reminds that the experience of peace beyond intellectual understanding is what truly matters, rather than being caught in the pointers to the experience.
